

**EASTERN
GURUMA**

Public Relations Policy

Eastern Guruma is committed to maintaining mutually healthy relationships with all external stakeholders that may be impacted by, or have an interest in, our projects.

Eastern Guruma will:

- identify and consult with key external stakeholders at the earliest stage to facilitate communication
- record all concerns identified by external stakeholders and issues which may impact external stakeholders with the aim of mitigating the concerns/issues via either elimination, substitution or control
- provide feedback to external stakeholders on the management of the identified issues and the progress of actions being taken
- ensure that each project manages external stakeholders for that project in keeping with the above principles.

A handwritten signature in black ink, which appears to read "Ron Villafior".

Ron Villafior

Chief Executive Officer
