GURUMA**

WESTERN TURNER SYNCLINE 2

CLIENT

Brierty / Rio Tinto Iron Ore

PROJECT

Western Turner Syncline 2

LOCATION

Pilbara, Western Australia

VALUE

AU\$300 million

START DATE

May 2014

FINISH DATE

May 2016

PROJECT SUMMARY

Eastern Guruma has been contracted to provide mining services to Brierty under the Western Turner Syncline 2 project. The scope of work involves contract mining services, ore haulage services, haul road design and construction and non-process infrastructure works.

This project is the next phase of mining at Western Turner Syncline. Eastern Guruma has been involved in ongoing mining works at Western Turner Syncline since 2009.
