Fortescue Metals Group

### PROJECT

Solomon Mine Road  
Maintenance

### LOCATION

Pilbara, Western Australia

### VALUE

AU\$40 million

### START DATE

March 2013

### FINISH DATE

Ongoing

### PROJECT SUMMARY

Eastern Guruma entered into a joint venture with Wirlu-Murra Yindjibarndi Contracting to provide road maintenance at the Solomon Hub north of Tom Price.

Originally contracted to Leighton, the joint venture came under the direct management of Fortescue Metals Group in February 2014.

The works include haul and service road construction/maintenance, park up areas, fuel farm preparation and firebreaks.
