

**EASTERN  
GURUMA**

## SILVERGRASS EAST ROADWORKS

### **CLIENT**

Rio Tinto

### **LOCATION**

Pilbara, Western Australia

### **START DATE**

March 2017

### **FINISH DATE**

June 2017

### **PROJECT SUMMARY**

Eastern Guruma has been awarded a new contract at Rio Tinto's Silvergrass mine to construct a 2.8km all weather sealed road for light vehicle access from Jerriwah Village to Rio Tinto site offices.

The project scope requires relocation of existing process plant waste water treatment spray fields and construction of an overland conveyor tunnel from precast concrete units within scheduled shutdown period to minimise disruption to mining activities.
