Solomon Mine - Telecommunications Maintenance

CLIENT

Fortescue Metals

PROJECT

Telecommunications
Maintenance Solomon
Mine

LOCATION

Pilbara, Western Australia

START DATE

2015

FINISH DATE

2017

PROJECT SUMMARY

Eastern Guruma, Visionstream Australia and Fortescue Metals Group partnered to train, mentor, educate and develop a husband and wife team (Ken and Jocelyn Hughes) to become qualified telecommunications technicians. Ken and Jocelyn were awarded their Certificate III in Telecommunications in 2013 and have been accredited as fibre optic technicians.

Ken and Jocelyn are now based at Fortescue Metals Group's Solomon Mine and have a contract to providing telecommunications maintenance services across Fortescue networks.
